

SBA FORM 355 APPLICATION FOR SMALL BUSINESS SIZE DETERMINATION

Carefully read these instructions and the SBA Size Regulations before completing this form.
Applications not fully completed will not be accepted.

General Instructions

1. This application should be used by anyone seeking a size determination for the purpose of receiving assistance available to small businesses under any program administered by this Agency, except for the SBIC program which utilizes SBA Form 480. A small business is a concern which is independently owned and operated, not dominant in its field of operation, and does not exceed the size standard applicable to the procurement or program for which the business is applying.
2. SBA is authorized to make size determinations pursuant to the Small Business Act and regulations thereunder for the purpose of deciding small business protests and to determine eligibility for program assistance. SBA's size regulations are found generally at Title 13, Code of Federal Regulations, Part 121. SBA may, at its discretion, request additional relevant information not specifically identified on this form.
3. The original and one copy of SBA Form 355, with additional sheets attached as needed, should be returned to the SBA Area Government Contracting or Disaster Office closest to the applicant's principal place of business. The person signing this form must be authorized by the applicant to do so. Non-employee representatives of the applicant, such as attorneys or accountants, must provide a letter authorizing them to represent the firm for this purpose. All information requested must be supplied. Failure to do so will cause a delay in making the size or status determination.
4. All possible affiliates of the applicant, whether acknowledged or not, and whether foreign or domestic, must be included in completing this form. SBA criteria for defining affiliates should be carefully reviewed, and can be found at Part 121.103 of the Regulations. Completion of Parts IV and V of this form does not constitute an admission that the concerned entities are affiliated.
5. Where the applicable size standard involves "number of employees," a concern's average employment for the 12 months preceding the application or offer is examined, including all employees of both domestic and foreign affiliates, and including persons employed on a full-time, part-time, temporary or other basis. See Part 121.106 of the Regulations. For purposes of Economic Injury Disaster Loans, the 12 months preceding the disaster are
6. Where the applicable size standard involves "annual receipts," a concern's annual receipts mean total income (or gross income in the case of a sole proprietorship) plus the cost of goods sold, as reported to the Internal Revenue Service on its Federal Income Tax Return. See Part 121.104 of the Regulations.
7. In some cases, SBA must determine the primary business activity of a concern as part of its size determination process. In making that determination, consideration is given to various criteria, such as distribution among a firm's activities of receipts, employment, and costs of doing business.
8. For purposes of this form, consider principal stockholders as those persons or concerns which own 10 or more percent of the voting stock. In cases where no individual or concern owns at least 10 percent of the voting stock, the five largest stockholders and their percentages of stock must be listed.
9. Where certain financial assistance programs are involved, applicants must include the county in which they are located, and state whether the funds to be received will be utilized in a Labor Surplus Area. Labor Surplus Areas are defined in the Department of Labor publication "Area Trends." See Part 121.301(e) of the Regulations.
10. Certain industries require special additional information. Consult the Size Standards Table and its footnotes at Part 121.201 of the Regulations. These special industries are:
